

Name _____

Per. _____ Date _____

Instructions. At each numbered station, list the seed name, draw a simple picture of it, determine if it is an angiosperm (A) or gymnosperm (G), determine it's method of dispersal (wind, water, animal). Finally, label any seed parts in your drawing (p.126).

Station #	Seed Name	Simple Picture of Seed (label any parts you can from p. 126)	Angiosperm (A) or Gymnosperm (G)	Dispersal Method (Wind, water, animal)
